

News About the Winchester Ammunition Team
Shoot June 11, 2017

The shoot will be limited to the first 120 pre-registered shooters. A deposit of \$20.00 is required for each registration.

The shoot will be a 100 clay shoot with 12 stations. There will be 2 starting times, 10:00 AM and 2:00 PM. You can pick your starting time on a first come, pre-registered basis. You will be assigned what station you start at, and you must be at that station, ready to shoot, before your start time. This means that at 10:00 AM there will be a squad of 6 shooters at each of the 12 stations, and the same at 2:00 PM.

If you want to shoot with your buddies on the same squad, you must note this on your application; and the applications for all the squad members must be submitted at the same time. If not, the Club will assign squad members, and start times.

Thank you for your co-operation!

Fredericton Trap & Skeet Club Registration Form
